Subject: Allred Mine - M/049/029 - RDCC comments

Hi John:

We received comments from RDCC sent to them by Air Quality. They state in the letter a permit application should be submitted to the Utah Division of Air Quality if any on-site crushing of stone occurs. We are forwarding a copy of this letter to you. Would you please respond and send us a copy of your response letter to Air Quality.

Thank you.
Joelle Burns
